INVESTOR RELATIONS INTRINSIC-ID

About Intrinsic-ID

Intrinsic-ID is an emerging semiconductor intellectual property and services company whose mission is to make counterfeiting a thing of the past. Intrinsic-ID offers the only key storage without storing the key for system and semiconductor companies. Headquartered in Eindhoven, The Netherlands, Intrinsic-ID was founded in 2008 as a spin-out of Royal Philips Electronics. Its hardware intrinsic security products are based on patented Physically Unclonable Function (PUF) technology that has been deployed in Philips' production environment.

Executive Team

The executive team of Intrinsic-ID consists of Daniel Schobben (CEO), Pim Tuyls (CTO) and John Elliott (SVP Sales).

Supervisory Board

The Supervisory Board of Intrinsic-ID consists of two members, Monish Suri and Rogier Taphoorn, who represent Prime Technology Ventures.

Shareholders

Intrinsic-ID B.V. is a privately-held company with Prime Technology Ventures, Royal Philips Electronics and management as shareholders.

Prime Technology Ventures (www.ptv.com)

Prime Technology Ventures is a leading early stage venture capital firm. Prime Technology Ventures focuses on investing in European companies in the information technology and related industries and leverages its capital, experience and contacts to actively guide them into global category leaders. The firm has invested in companies in the Benelux countries, United Kingdom, Finland and Sweden. From its offices in Amsterdam, Eindhoven and Cambridge the independent partnership manages almost 300 million Euro in committed capital.

Royal Philips Electronics N.V. (www.philips.com)

Royal Philips Electronics of the Netherlands (NYSE: PHG, AEX: PHI) is a diversified Health and Well-being company, focused on improving people's lives through timely innovations. As a world leader in healthcare, lifestyle and lighting, Philips integrates technologies and design into people-centric solutions, based on fundamental customer insights and the brand promise of "sense and simplicity".
